Church Leadership Tele-Coaching With Bob Franquiz

Church Leadership Coaching is a relationship-based process for pastors seeking for their churches to break growth barriers and to grow in their leadership. The purpose of coaching is to create a healthy church by eliminating the factors that are limiting growth, maximizing existing systems, and developing new strategies to growth and health.

Church Leadership Coaching is a 8-month network that focuses on the areas that Senior Pastors must grow in to lead growing churches. It has been said, “growing churches are led by growing leaders.” That means, if we want our churches to keep growing and reaching people, we must continue to grow as leaders. That’s why Church Leadership Coaching is perfectly suited to help leaders grow in their calling and skills as a Senior Pastor – it was designed for Senior Pastors by a Senior Pastor!

The Process:

The coaching process consists of eight (8) coaching sessions by phone (2 hours each).

Session One: The Personal Development of the Senior Pastor – In this session we will cover the 3 major areas of personal development in the life of the Senior Pastor:

1. Goal Setting
2. Productivity
3. New Skills

Session Two: Follow Up – In this session we will cover the 4 most important areas of follow up that leads to health and growth in a local church:

1. New Believers
2. First Time Guests
3. First Time Givers
4. New Servants

Session Three: Developing other Leaders – In this session we will discuss the most neglected factors in church life – the development of leaders. Here we will discuss the 4 stages of leadership development and how to help people move from one level to the next.

Session Four: Leading an Effective Staff (Part 1) – In this session we will explore the ins and outs of staffing. Here we will discuss establishing an effective hiring process, managing staff, and releasing underperforming staff members.

Session Five: Leading an Effective Staff (Part 2) – In this session we complete our discussion of staffing. We will talk about the role of the Senior Pastor in managing staff, training staff, and releasing underperforming staff members. We will also talk about best practices for salary, severance and staff reviews.

Session Six: Advanced Outreach Strategies – This session focuses on maximizing available strategies for outreach that includes: Direct mail, Facebook and Google. These contrarian principles will give you tremendous results in reaching new people through these means.

Session Seven: Preaching for Life Change – In this session we will talk about one of the most important aspects of church life – preaching. This coaching session will focus on both the delivery of the message and the preparation of the messenger. We will also look at the role of the calendar in planning our preaching.

Session Six: The Pillars of a Healthy Church – In this session we will talk frankly about how to build a church that keeps reaching people. Here we focus on overcoming growth barriers and developing systems that allow a church to stay healthy while growing for the long haul.

Note – In addition to the training, we will also be answering your pressure points and questions that come up through the course of this network.
